- A cartoon illustration of a girl with orange hair in pigtails, wearing a white hoodie and black pants. A large speech bubble originates from her mouth, containing the following text:
- More than 224,000 children in the state of Colorado are living at or below the poverty level putting them at risk for hunger.
 - 44 % of families in Colorado have to choose between paying for food and paying their rent or mortgage.
 - 1 in 4 working families do not have enough food to meet their basic need.

Simply drop off any non-perishable food items at any participating Discover Health and Wellness location and help us reach our goal of 1000 pounds of food in the month of September.

Open Arms Food Bank provides over 30,000 pounds of food and feeds 140+ families each week.
